Jackson Thornton Wins
Best Companies To Work For In Alabama Award

Montgomery, AL - August 12, 2010 -- Jackson Thornton, a certified public accounting and consulting firm, was recently named one of the 2010 Best Companies to Work for in Alabama.

Designed to identify, recognize and honor the best places of employment in Alabama, the statewide program is a project of Business Alabama Magazine and Best Companies Group.

Companies from across the state vied for the recognition through a two-part process: an evaluation of workplace practices and a comprehensive employee survey. The two combined scores determined the top companies for which to work in Alabama.

"We are honored to be a recipient of this prestigious award," said Ned Sheffield, Jackson Thornton's Managing Partner. "Our business is about serving people and we think it's evident our team has a passion for what they do. An honor like Best Companies to Work For is confirmation that our people really do make the difference."

Jackson Thornton was established in Montgomery, Alabama in 1919 and serves over 8,000 clients from five offices in Alabama and Tennessee. The firm provides comprehensive accounting and consulting services, strategic planning, technology consulting and specialized industry services. For more information, visit www.jacksonthornton.com.
